

FundGlobam

Your partner for cross-border
fund distribution knowledge

Controlling the cross-border markets

COMPANY PRESENTATION

FundGlobam is a Luxembourg company launched in 2012 to support global and European asset managers and service providers in relation to their distribution of cross-border funds.

FundGlobam assists asset managers and service providers in managing the global distribution of funds so that they are transparent and easily understood.

Fundglobam supports asset managers and service providers in :

- Strategic decision making concerning the distribution of funds
- Initial configuration and compliance.
- Continuous market intelligence.
- Ongoing monitoring and risk management.
