

Advice and assistance to investment service providers

COMPANY PRESENTATION

Marker is a specialized consulting firm, recognized by Investment Service Providers and Credit Institutions, in particular in the areas of strategic consulting, practical change management, compliance, internal audit, risk management, regulatory oversight support as well as relations with supervisory authorities. Marker has approximately twenty consultants committed to the success of missions entrusted to it by its clients: over 250 key players in financial services in France, as well as abroad.

SERVICE OFFERING

An offer divided into three axes :

STRATEGY

Assistance for managers and their teams in defining and implementing a strategy that is effective and rapidly operational.

CHANGE MANAGEMENT

Support of customers in the optimization and evolution of the organizations and processes, in the context of their strategy.

COMPLIANCE

Assists customers in intelligently and efficiently reinforcing their compliance, internal control and risk management systems, to maintain the security of their structures and communications with customers and their regulatory authorities.

WHY Marker Management Consulting ?

*To diversify the service offering and complement that of the other partners.
One of the most important players in the market*
